FOOTWEAR COMPONENTS | JP SUPERSOLES

**PORTUGUESE SOLUTIONS
FOR YOUR SOLES**

WHO WE ARE

JP Super Soles is a company that manufactures footwear components with an impressive production capacity of 3 million soles per year.

With a team of more than 150 highly qualified and specialized professionals, the organization is able to produce high quality products in various techniques and materials, such as TR, PVC, TPU, PU, SBR and EVA.

The company values customer satisfaction and seeks to offer a personalized and product-focused service. It seeks to establish lasting and collaborative partnerships with its clients for a successful future.

JP Super Soles focuses on developing efficient methodologies to integrate customer needs and provide flexible and differentiating solutions.
